

Launched 5 years ago, **Deezer** is the leading European Music On Demand website with 10m active members and 4m premium paying subscribers in Europe.

Deezer users can, thanks to a catalogue of 25 million tracks and recommendations from our music-loving editorial team, discover and listen to all of their favorite artists, tracks or albums and create their own playlists. With this community and network of 10 million active members, users can exchange and share their musical taste and mood.

Today Deezer is live in 182 countries, on 5 continents. We have ambitious plans, some high level strategic partners and a burning desire to be the leading music streaming service for music lovers. Find us on www.deezer.com.
